♦ **Shoreside – 7 Types of Plastics Challenge Rules**

✓ **Participants must collect and separate all seven types of plastic:**

- **PET (#1) – Water bottles, soda bottles**
- **HDPE (#2) – Milk jugs, detergent bottles**
- **PVC (#3) – Pipes, some food packaging**
- **LDPE (#4) – Plastic bags, wrap**
- **PP (#5) – Bottle caps, straws, takeout containers**
- **PS (#6) – Styrofoam cups, food containers**
- **Other (#7) – Miscellaneous plastics**

✓ **Winning Criteria:** The team with the highest quantity of the least-collected plastic type wins.
✓ **Example:** If a team collects 10 PET (#1) bottles but only 4 PVC (#3) plastics, their final score is $4 \times 7 = 28$ points. The team with the highest total wins.

♦ **Waterborne – Anchors Challenge Rules**

- ✓ **All anchors must be accounted for during weigh-in to qualify.**
 - ✓ **If entangled with other debris and separation is not possible, judges will assess accordingly.**
 - ✓ **Only anchors collected during the cleanup count toward the challenge.**
 - ✓ **All trash must be sorted before weighing (when feasible).**
 - ✓ **Teams must arrive by 2:30 PM for weigh-in to qualify.**
-

⊘ **Prohibited Items**

To protect our environment and ensure safety, **the following items must NOT be removed or handled:**

- ✗ **Do not disturb** natural vegetation, wildlife, or live marine organisms.
 - ✗ **Any hazardous materials** (oil barrels, chemicals, medical waste, etc.) should be reported to event staff immediately and left undisturbed.
